The costs of any such work done by the Highway District will be charged against the deposit, and any charges beyond the deposit will be invoiced to the permittee.
2. Approaches shall be for the bona fide purpose of securing access and not for the purpose of parking, conducting business or servicing vehicles on the highway right-of-way.
3. No revisions or additions shall be made to an approach or its appurtenances on the right-of-way without the written permission of the Highway District.

6. Driveways and rural approaches shall conform to the plans made a part of this permit. Adequate drawings or sketches shall be included showing the design, construction requirements and proposed location of the approach. All approaches shall be in accordance with the standard provisions set forth in the Highway Standards and Development Procedures for the Association of Canyon County Highway Districts.
