INTERSECTION OF MIDDLETON RD. & ORCHARD AVE. To Have Temporary Lane Closures

The intersection of Middleton Rd. & Orchard Ave. west of Nampa will have periodic closures of shoulders and travel lanes on Thursday, February 12th through Monday, February 16th. The closures are to allow consultants working for the Nampa Highway District to conduct subsurface explorations, which are required to plan and design an upcoming project to widen and signalize the intersection.

The intersection will be open to traffic throughout the closures, but traffic may be reduced to a single lane and controlled by flaggers, as test holes are drilled and patched back.
