

MIDDLETON ROAD OVERPASS

CHERRY LANE AND MIDDLETON ROAD INTERSECTION

SHORT TERM DETOUR

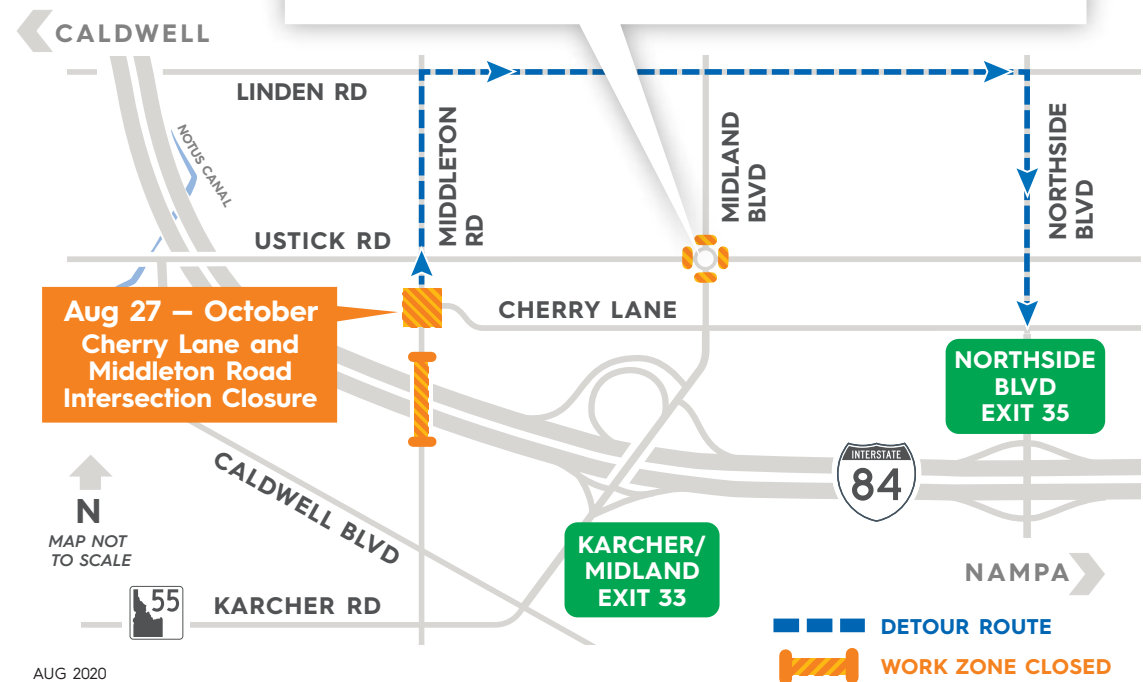

THURS., AUG. 27 – OCT. 2020

ITD needs to raise the height of the Cherry Lane/Middleton Road intersection to match the new Middleton Road Overpass on I-84. When the new overpass opens this spring, it will have more clearance for trucks on I-84.

To keep the expansion of I-84 between Nampa and Caldwell on schedule, work at the intersection must be completed while the weather is good.

The nearby Midland Boulevard/Ustick Road Roundabout project has been delayed because underground utility work was not completed on time. The Nampa Highway District and ITD apologize for your inconvenience.
